TRY
Recycling

JOIN THE RANKS OF LEADING MUNICIPALITIES TRY RECYCLING FOR COST EFFECTIVENESS

WHY CHOOSE TRY RECYCLING?

- ✓ **EXPERIENCE & EXPERTISE:** Over 30 years of industry experience with a proven track record of excellence.
- ✓ **SUSTAINABILITY COMMITMENT:** Diverted over a million tonnes of material since 1991.
- ✓ **PERSONALIZED SOLUTIONS:** Tailored services, including consulting, to meet specific municipal needs.
- ✓ **RELIABLE & INNOVATIVE:** Trust our team to deliver efficient, sustainable waste management & diversion solutions.
- ✓ **PROVEN TRACK RECORD:** Our services consistently exceed MECP compliance requirements.
- ✓ **TRY'S EXTENSIVE REACH:** Based in London, Ontario, our services extend throughout the province.

TRUSTED BY MUNICIPALITIES ACROSS ONTARIO

Join the ranks of leading municipalities across Ontario that trust TRY Recycling for cost effectively, improving their diversion rates.

ALITIES ACROSS ONTARIO THAT TRUST Y IMPROVING THEIR DIVERSION RATES

UNLOCK SUSTAINABLE SOLUTIONS WITH TRY RECYCLING!

OUR SERVICES:

1. CONSTRUCTION & DEMOLITION (C&D) RECYCLING:

- ✓ Specialize in recycling demolition material, shingles, clean/contaminated wood, drywall, and more.
- ✓ Efficient hauling from municipal sites to our facility. Offsite operations also available.
- ✓ Achieve up to 30% landfill space savings annually.

2. COMPOST SERVICES:

- ✓ Flexible options: off-site management or haul raw material to our facility.
- ✓ Comprehensive management: grinding, screening, and transport.
- ✓ Budget-friendly solutions: forecast costs, avoid annual RFPs, shield against market fluctuations.

3. DEPOT MANAGEMENT:

- ✓ Manage public drop-off depots with dedicated staff and operations.
- ✓ Customizable solutions to fit any budget or space constraints.
- ✓ Let TRY ensure that waste materials find their proper home, keeping them out of landfills.

COLLABORATION PROCESS

STEP 1: EXPLORATORY VISIT

Invitation to Experience:

Visit our facility to see our 80% diversion rate and processing expertise.

Comprehensive Insight:

Tour our compost site, engage with experts, and learn how we cater to various municipal needs.

STEP 2: PILOT PROGRAM PARTNERSHIP

Tailored Trial:

Collaborate on a pilot program to divert specific materials, share data, refine routines, and demonstrate benefits without extra costs.

Budget-Friendly Solutions:

Custom solutions to fit any budget, ensuring viable trial phases.

STEP 3: SCALING UP

Expand and Educate:

Scale successful programs to include more materials. Our experts present benefits to residents and council.

Community Engagement:

We help communicate the value of our services, fostering community-wide sustainability.

STEP 4: LONG-TERM PARTNERSHIP

Reliable Partnership:

Ensure high diversion rates with consistent, high-quality services.

Peace of Mind:

Focus on other priorities with our expert waste management.
